

Why choose us?

Taunton is a welcoming town in one of the most beautiful parts of the UK. Besides from this, as a student nurse, we offer some of the best opportunities for professional development.

We've won awards for having some of the best training and care given by a hospital in the South West.

You'll get to experience life in the West Country, enjoying easy access to some of the UK's most desirable locations. From the beaches of North Devon and Cornwall, to the cities of Bristol, Bath, Exeter, and less than 2 hours from London.

At the heart of Somerset, Taunton is the County town and has a huge range of shops, restaurants, and boasts sporting arenas such as the county cricket ground which regularly hosts international fixtures. We also have national hotspots for cycling, surfing, and climbing nearby. Straddled between areas of outstanding natural beauty and the idyllic rolling hills of Exmoor, there's plenty to keep you occupied alongside the abundance of festivals and local traditions.

With a great educational offering, and abundance of open country side, we think there's nowhere better. Throw in a low cost of living that will see you afford a high quality of life, including low average rental prices, an already established international community, lots of opportunities to progress your career, and a hospital with a great reputation, we like to think we're offering you the best of both worlds, professionally, and personally.

So what are you waiting for...
