Directions from Plymouth railway station to Endsleigh Place:

The railway station is just a few minutes' walk from away. There are two route options but both involve a gradient that could be challenging for a manual wheelchair user.

Avoiding steep hill – best for wheelchair access: Exit the station and turn right, and left at the end to head up the hill (A386), use the pedestrian underpass towards the campus. After the first underpass turn left and proceed to the next underpass. After this one turn right and follow the path around and take the first left (this will be the first road not just the path). This is James Street – continue up James Street until you come to the James Street Vaults public house on your right, turn here into Portland Square Lane North. At the end of the access lane, turn left into Endsleigh Place. We are the building on the right hand side at the top of Endsleigh Place just after Boots Pharmacy.

Shortest Distance: Exit the station concourse and turn left then next right up the hill by the car park and turn left into North Road East. Cross at the zebra crossing and turn left. At the traffic lights turn right. The Wellbeing Centre is on the right hand side just before Boots Pharmacy.

Directions from the city centre: Make your way towards Drake Circus, bear right up North Hill. Cross the road and walk through Drakes Place Gardens which is next to the Sherwell Centre and just before Drakes Reservoir. At the other side of the gardens is the Nancy Astor Building (on your right). This is Endsleigh Place – walk past Nancy Astor towards the top of the hill. The Wellbeing Centre is on the right hand side just after Boots Pharmacy.
