PLYMOUTH

Important information regarding your results

You have **not yet passed all of your modules**.
You must complete one or more **extended referral** assessments.

Please take a careful look at your transcript. There is a key to the codes used on the reverse.

A three-letter code beginning with **R** next to one or more elements is a referral code which means you must complete further assessment in that element for the corresponding module. An element is **coursework, examination, practice, in-class test** or **pass/fail assessment**. The other two letters indicate whether the referral is at the **S** same or **N** next attempt, and how the element will be reassessed.

<p>Your referral will be regarded as:</p> <p>N – Next attempt S – Same attempt*</p> <p>*This does not mean that the referral task will be the same as the original task.</p>	<div style="border: 1px solid black; display: inline-block; padding: 5px;"> <div style="border: 1px solid black; display: inline-block; padding: 5px; margin-right: 5px;">E</div> <div style="border: 1px solid black; display: inline-block; padding: 5px; margin-right: 5px;"></div> <div style="border: 1px solid black; display: inline-block; padding: 5px;"></div> </div>	<p>This element will be reassessed by:</p> <p>A – Specified assessment C – Coursework E1 – Examination E2 – OSCE/ISCE P1 – Practice T – In-class test</p>
--	---	---

Here are some examples:

ESC against **coursework** means that you have been **referred in that coursework** and must complete **reassessment by coursework** and this would be regarded as same attempt.

ENC against **coursework** means that you have been **referred in that coursework** and must complete **reassessment by coursework** and this would be regarded as your next attempt.

This is what you need to do:

You are required to submit your referred project by **Wednesday 6th March @ 16.00** to the Project module site for 2017/18. The folder will be called Extended Referral submission folder.
