

Hi all,

Hope that you are well and enjoying the start of autumn.

The time has come again for the **Poole Farm Community Forum - Farming in the city - the reality and the opportunities on 22nd November from 3pm till 5pm.** Please note the earlier start this time to allow for shorter daylight hours.

As we are squeezed for indoor space at the farm at present the forum will be out and about with a walk up the Seaton and down the Bircham Valley (approx. 1.5 miles) with a return to the farm for 4.30 for refreshments and discussion. This time round we are very pleased to welcome guest speakers from Duchy College who have been working with us as a partner on the project, Dave Cole, a local shepherd who has been one of the graziers this year and Peter Horsewell who farmed from Poole Farm for over 30 years until 2015. Should be some interesting tales, facts and discussion!

Please come prepared to be out and about – wellies or sturdy footwear recommended or if you don't fancy the walk then please join us at the farm at 4.30 for refreshments and please share with others who you feel would be interested in attending.

In order to ensure that we have sufficient refreshments ***please reply this week to this email if you plan to attend*** to book a place and to allow us to cater suitably.

Kind regards,
Chris
