

Guidance on Student Placement following Occupational Health (OH) review:

Recommend relocation to placement/Host locality nearer to student's home/residence/ recommend reasonable adjustment

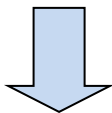

Recommendations for short term/one placement only

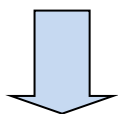

Personal Tutor to contact Placement Allocation Team to enquire if suitable placement available

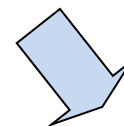

Placement available

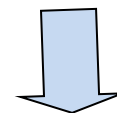

Personal Tutor to inform student this will be for 1 placement only

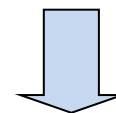

Programme/Field Lead to inform Clinical PDT Lead –1 placement only based on OH recommendations

Placement not available

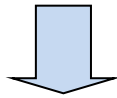

Personal Tutor to meet with student to discuss options: strategy to manage allocated placement or short-term interrupt until student able to return to Programme/placement

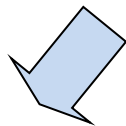

Placement Allocation Team to be aware of requirement and alert Personal Tutor when placement within locality is available

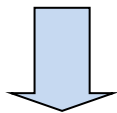

Recommendations for longer term/Host
locality change

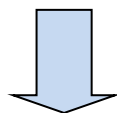

Personal Tutor to contact Placement Allocation
Team to enquire if placement available

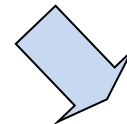

Placement
available

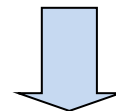

Personal Tutor to
inform student

Programme/Field Lead to inform
Clinical PDT Lead of OH
recommendations necessitating
change

Placement not
available

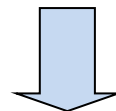

Personal Tutor to meet with student to
discuss options: strategy to manage allocated
placement

Or

interrupt until Host locality can accommodate
student, or student has strategies in place to
support continuing with allocated Host locality

OR consider

re-refer the student to OH to investigate
whether any other adjustments can be made
to help the student remain in their current
placement

Clinical PDT to be aware of
requirement and alert Personal
Tutor/Placement Allocation Team
when placement within locality is
available
