

Leaf Art

You need to:

To create these leaf animals, you will need to look on the floor in your garden, or on your one walk a day. Remember pick what you can from the floor, we need to look after living plants by not picking from them. Collect your materials and a piece of paper. Begin to create animals!

Could you create a story?

Could you research a new fact about your animal?

Could you investigate what tree the leaves came from?
