

SCHOOL MENTOR USER GUIDE :

7. Shared Resources

The Shared Resources tab is for students to use to upload documents that they want to share with you, i.e. Lesson Plans

To view a document, select your student and then the Shared Resources tab, and click 'Download' on the relevant file.

The screenshot shows the University of Plymouth ePAD Primary School interface. At the top left is the University of Plymouth logo. To the right, it says "ePAD PRIMARY SCHOOL" with a user icon. Below this are navigation links: "Home", "Students", and "Log Out". A student information bar displays "Student Name Plymouth, Peter" and "Intake S17 BED PRIMARY" on the left, and "Professional Tutor Mr Tom Cowan" and "University Mentor Mrs Julia Kearney" on the right. A central navigation bar contains several tabs: "Visit / Assessment Schedule", "Reflections", "Evidence", "Focussed Observation", "Shared Resources" (which is highlighted in blue), "Monitoring and Evaluation", and "Grid". Below this are two more tabs: "Interim Grade" and "Final Report". The main content area is titled "Shared Resources" and contains a dashed box with three file cards. Each card has a document icon, a filename, and a yellow "Download" button. The files are "Week 1.zip", "JB Week 1 folde...", and "Daily Reflection...".

The downloaded file will then appear at the bottom of your screen.

This screenshot is identical to the one above, showing the University of Plymouth ePAD Primary School interface with the "Shared Resources" tab selected. The three file cards are visible in the "Shared Resources" section. At the bottom of the page, there is a copyright notice: "© ARC Technology Ltd 2020".
