

HEALTH CHECKS – OCCUPATIONAL HEALTH

BMBS Bachelor of Medicine, Bachelor of Surgery; BMBS Bachelor of Medicine, Bachelor of Surgery with Foundation Year; BSc (Hons) Clinical Physiology; BSc (Hons) Dental Therapy and Hygiene with Foundation Year; BSc (Hons) Diagnostic Radiography; BSc (Hons) Diagnostic Radiography with Integrated Foundation Year; BSc (Hons) Diagnostic Radiography with Foundation Ultrasonography

As part of the application process, it is compulsory that you complete a Health Screening form online. Attached to the form, must be as much immunisation evidence as you can obtain.

The form is then assessed by the School's Occupational Health Provider; the Occupational Health & Wellbeing Department (OHWB) of University Hospitals Plymouth NHS Trust.

Please read the **Occupational Health – Medical Programmes and DTH with Foundation Year Applicant Information 2021** as it has important details regarding the process. This can be found at the following webpage:

Immunisation History

To prepare for your clinical attachments, students will be required to attend an immunisation appointment. In preparation for these clinics, which can become extremely busy, it is imperative that you also attach to your Health Screening form any immunisation evidence you have relating to the following:

- Hepatitis B
- Chicken Pox
- BCG/TB Screening
- Measles, Mumps and Rubella

Supplying this information in advance of your appointment, will help to ensure you are not kept longer than necessary. Please contact your GP to request a copy of any vaccinations/immunisations records. If you have ever worked in a healthcare setting, please request this evidence from the relevant Occupational Health Department.

Documents

Scan any documents in **PDF** or **Word** format in readiness to attach to your health screening form on the portal. Remember to ensure your name and date of birth is clearly visible.
