Curriculum design and the research-teaching nexus

Source: Based on Healey (2005, 70)

- **Research-tutored**
  Curriculum emphasises learning focused on students' writing and discussing papers or essays

- **Research-led**
  Curriculum is structured around teaching subject content

- **Research-based**
  Curriculum emphasises students undertaking inquiry-based learning

- **Research-orientated**
  Curriculum emphasises teaching processes of knowledge construction in the subject

**Emphasis on research processes and problems**

**Emphasis on research content**

**Students as participants**

**Students as audience**
