### Student/Trainee Teacher Withdrawals:

Where a student teacher withdraws from placement after the commencement of the placement, the school/college will receive a proportionate amount for the period covered. If a school/college has been overpaid because of early student withdrawal from placement, then the school/college will be liable to repay proportionate funds.

If the student teacher withdraws before the commencement of the period of placement, no payments will be made to the school/college. If a school/college is unable to fulfil its offer of a training place, the University of Plymouth is not liable for any payment.
