Study Mobility Grants

Grant support is available for students to study at partner Higher Education Institutions so long as the study mobilities last between 4 weeks and 12 months and are part of your degree. The grants are funded by the UK government with the aim of supporting the worldwide mobility of students and vary according to the country of your mobility:

<table>
<thead>
<tr>
<th>TURING SCHEME</th>
<th>Grant (£)</th>
<th>Supplement (£) for disadvantaged participants¹</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Weekly (4-8 weeks)</td>
<td>Monthly (&gt;8 weeks)</td>
</tr>
<tr>
<td>Group 1 countries (high cost of living)</td>
<td>136</td>
<td>380</td>
</tr>
<tr>
<td>Group 2 countries (medium cost of living)</td>
<td>120</td>
<td>335</td>
</tr>
<tr>
<td>Group 3 Countries (low cost of living)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Evidence of your host’s formal acceptance of your mobility is required for you to qualify for a Study Mobility grant. This will usually be their Letter of Acceptance that you must send to Plymouth Global to begin your grant application.

Plymouth Global will send you documents to complete and return; you will be advised of the outcome of your application once you have returned these documents. If successful, your grant will be paid, in full, into your bank account about one month before you begin your mobility.

The grant is not meant fully to fund your mobility and you are still entitled to any current financial support that you get from Student Finance. If you need any assistance or have any questions about this, please contact the Student Funding Unit.

If you are receiving a maximum Maintenance Loan your grant will increase by £110 per month and you will receive a Travel Grant.

There is additional grant support for those with special educational needs and disabilities:

- up to 100% of actual costs for support directly related to their additional needs.
- funding to cover pre-visits to the host to carry out risk assessments and ensure participants will be able to equally access and take part in all elements of a mobility. Pre-visits can be for a maximum duration of three days, and funding can be used for both participants and accompanying staff. Pre-visits are not available for any other purpose.

Find out more about the support available for disadvantaged participants.

Further information on Turing Scheme study mobility grants can be found here.

The Erasmus Student Network helps and supports students seeking and undertaking study mobilities.

¹ We have specific agreements with our partners so we know them and their programmes well, making for good and productive mobility opportunities for our students.

² Eligible students are defined as disadvantaged if they are entitled to receive extra payments based on national or regional criteria for disadvantage and can provide evidence from the relevant statutory authorities of this e.g., your Maintenance Loan letter confirming your eligibility to receive the maximum.
