Thank you for enquiring about residential accommodation at North Devon District Hospital

The on-site accommodation consists of single rooms within a number of flats. These flats are of various sizes with 2, 4, 5 or 6 rooms with a shared kitchen and bathroom.

The rooms are cleaned once a week, which includes the changing of bed linen and fresh towels.

The accommodation charge is £70 per week (£10 per night). There is a 4 week deposit required.

Kitchens include cooker, microwave, fridge/freezer, kettle and toaster. A small selection of basic cooking pots and pans, utensils, crockery and cutlery.

Iron and ironing board

Single rooms include bed, chest of drawers, desk, wardrobe and chair.

Most rooms also have their own sink.

The Trust residential accommodation is in place to support the arrival and integration of new and temporary staff and is expected that any permanent staff or those on long-term contracts will move out of the on-site residential village within a short time.

The Trust is unable to offer long term tenancies to residents. Tenancies are expected to be no longer than three months, and are only extended if local accommodation cannot be found. No bookings of over 6 months will be accepted.
