

Interview questions to evaluate a workshop

1. What were your main memories of attending the workshop?
2. Did your attendance on the workshop have any impact (within 12 months) on your learning and teaching?
3. Did your attendance on the workshop have any medium term impact (within next 2 – 3 years) on your learning and teaching?
4. Have there been any barriers to transferring what you learnt at the workshop to learning and teaching within your career?
5. Was there anything missing from the workshop?
6. Was attending the workshop 'time well spent'?
7. Did you also attend an institutional learning and teaching course? If so, do you think that attendance at the workshop complimented or added anything to that course? e.g. Institutional Post Graduate Certificate.
