

# Research Report

---

**The project:**

---

**The organisation:**

---

**The project researcher:**

---

**Participant group:**

---

**Number taking part:**

---

**Activity:**

---

Top three research messages:
1.
2.
3.

- **Background** (c.150 words – what you did and who with)
- **Research focus** (c.50 words –your research question)
- **Context** (c.150 words – when and where your activity took place)
- **Expectations** (c.100 words - what did you hope to gain from the project/activity?)
- **Methods used** (c.150 words – how you did the research e.g. questionnaires, observations etc.)

- **Results: 10 most significant findings** (c.1000 words – wellbeing indicators / examples, quotes etc.)
- **Reflections** (c.250 words – personal reflections on findings)
- **Action points** (c.200 words - what you will do with your findings, how will they change your practice?)

### Summary of findings

<b>Rank</b> (most significant first)	<b>Wellbeing outcome</b>	<b>Associated factors</b> (what led people to experience this wellbeing e.g. place, activity, people)
