Research Report

The project:

The organisation:

The project researcher:

Participant group:

Number taking part:

Activity:

Top three research messages:

1. 

2. 

3. 

- **Background** (c.150 words – what you did and who with)

- **Research focus** (c.50 words – your research question)

- **Context** (c.150 words – when and where your activity took place)

- **Expectations** (c.100 words - what did you hope to gain from the project/activity?)

- **Methods used** (c.150 words – how you did the research e.g. questionnaires, observations etc.)
- **Results: 10 most significant findings** (c.1000 words – wellbeing indicators / examples, quotes etc.)

- **Reflections** (c.250 words – personal reflections on findings)

- **Action points** (c.200 words - what you will do with your findings, how will they change your practice?)

**Summary of findings**
