## Troubleshooting

If, after following all of the steps, you cannot connect to eduroam try the following:

### Username and password

Make sure the username and password you are using is correct, you can check this by trying to login to any open access PC. If you have forgotten your login details phone +44 (0)1752 5(88588).

### Enable wireless

It could be that wireless may be disabled on your device

- Ensure Wi-Fi is switched 'on'
- Ensure Airplane mode is switched 'off'

### Keep up-to-date

Make sure that your device is fully up-to-date. You can check this by going to the Windows 8 Start screen and typing 'update' to access Windows Update.

### Connect another device to eduroam

To ensure there isn't a problem with eduroam, see if you can connect another device to eduroam, i.e. a smartphone or a tablet.

### Connect in another location

It could be there's a problem with eduroam in your current location, try moving to another location and connecting.
