MSc ADVANCED PROFESSIONAL PRACTICE
WITH PLYMOUTH UNIVERSITY

OCCUPATIONAL THERAPY
MSc/PgDip/PgCert

Advanced Professional Practice in OCCUPATIONAL THERAPY

This pathway will help you to improve people’s health and well-being by implementing innovative, evidence based practice in a broad range of practice settings. You will be able to develop your skills and knowledge in research and scholarly activity around the core principles of occupational therapy. The pathway will allow you to explore innovative occupational therapy and occupational science practice in depth.

HIGHLIGHTS

• Blended learning with short study blocks supplemented by technology enhanced learning using modules aligned to your CPD needs.
• You can learn in a team with international research profiles in occupational therapy, who will help you take the next step in your career.

CAREER OPPORTUNITIES

• Take on advanced practitioner roles in clinical work, teaching and management.
• Develop your critical analysis and ability to lead innovative professional practice.
• Progress to doctoral study.

MODULES INCLUDE:

• Occupation as the focus of contemporary practice.
• Supporting the needs of the frail older person.
• Rehabilitation: cognition, perception and behaviour.
• Advancing the management of long term conditions.
