MSc ADVANCED PROFESSIONAL PRACTICE WITH PLYMOUTH UNIVERSITY

PRE-HOSPITAL CRITICAL CARE/RETRIEVAL AND TRANSFER
MSc/PgDip/PgCert

Advanced Professional Practice in
PRE-HOSPITAL CRITICAL CARE/
RETRIEVAL AND TRANSFER

This pathway offers an innovative approach to gaining specialist and advanced knowledge alongside practical skill acquisition. It aids development of critical expertise in patient stabilisation and subsequent primary, delayed primary and secondary retrieval. You will obtain critical skills in using evidence, developing services and research and be able to apply this to your area of practice.

HIGHLIGHTS

• Learn in a team with international research profiles who will help you take the next step in your career.
• Blended learning with short study blocks supplemented by technology enhanced learning.
• Choose modules aligned to your individual CPD needs.

MODULES INCLUDE:

• Critical care management airway, breathing and circulation.
• Critical care management neurological, environmental and special patient groups.
• Advanced clinical reasoning of the critical care patient.
• Retrieval and transfer of a critical care patient.

THE BEST ASPECTS OF THE MODULE WERE A HIGH
QUALITY, HIGHLY CREDIBLE FACULTY
