MSc ADVANCED
PROFESSIONAL
PRACTICE
WITH
PLYMOUTH
UNIVERSITY
This flexible pathway allows health and social care professionals to design a pathway of study aligned to their individual CPD needs. This course will enhance your abilities and critical thinking, in order to consolidate and extend your healthcare practice within your specialised area.

Designed to support learners development based on the pillars of advanced practice: practice, research, education and leadership.

**HIGHLIGHTS**
- Be supported by a friendly research active team who will help you take the next step in your career.
- Blended learning with short study blocks supplemented by technology enhanced learning.
- Choose modules aligned to your individual CPD needs.

**MODULES INCLUDE:**
- Advancing the management of long term conditions.
- Pathomechanics and rehabilitation of gait and balance.
- Rehabilitation cognition, perception and behaviour.
- Supporting the needs of the frail older person.
- Enhancing practice in chronic pulmonary conditions.
- Advanced critical reflection, risk and decision-making.

**CAREER OPPORTUNITIES**
- Take on advanced practitioner roles in clinical work, teaching and management.
- Lead and innovate clinical professional practice.
- Progress to doctoral study.
- Supporting or assessing the needs of adult learners.
- Systemic review (JBI).
- Leadership modules delivered with Faculty of business.
