Advanced Professional Practice in Safeguarding Adults

Developed in partnership with employers and stakeholders, this course blends practice experience across a range of professions with academic knowledge. Designed with an inter-professional approach to learning, this course will enhance your professional practice, helping you to develop integration in organisational and practice settings to protect those most vulnerable and at risk of abuse and neglect in society.

HIGHLIGHTS
- Apply relevant legislation, case law, policy and case reviews to professional practice.
- Study alongside an inter-professional range of practitioners and develop your understanding of other professional groups’ perspectives on safeguarding adults.
- Advance your communication skills to promote effective multi-agency working.
- Develop skills in service evaluation and development to lead service improvement at a professional and organisational level.

MODULES INCLUDE:
- Advanced critical reflection, risk and decision making.
- Application of law and policy in safeguarding adults.
- Advanced practice in safeguarding adults.
- Applying evidence to practice.
- Advancing the management of long-term conditions.
- Supporting the needs of the frail older person.

CAREER OPPORTUNITIES
- Take on advanced practitioner roles in teaching and management.
- Lead and innovate professional practice.
- Progress to doctoral study.
